# Introduction

On March 11, 2021, the American Rescue Plan (ARP) Act was signed into law. In it, the U.S. Department of Education is providing an additional \$121.9 billion for the Elementary and Secondary School Emergency Relief Fund (ARP ESSER Fund). This legislation awards grants to state educational agencies (SEAs) for providing local educational agencies (LEAs, i.e., school districts) with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

South Carolina will receive \$2,112,051,487 in ARP ESSER funds from the ARP Act, with 90 percent being awarded to LEAs with amounts determined in proportion to the amount of Title I, Part A funds they received in summer 2020. The remaining funds to South Carolina will be used for state-level activities to address issues caused by COVID-19.

This plan describes how the LEA will use funds that it is awarded under the ARP ESSER program. This report template complies with all reporting requirements of the ARP Act (Public Law 117-2), the [ARP ESSER grant](#) terms, conditions, and assurances (CFDA Number 84.425U), and the interim final rule established by the U.S. Department of Education, [86 FR 21195](#).

# Activities to Address Learning Loss

## **ARP ESSER Learning Loss Requirements**

The LEA must use 20 percent of the funds it receives under the ARP ESSER program to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year. The LEA should duplicate or align with the goals, strategies, and evidence-based interventions in its Academic Recovery Plan to minimize duplication of efforts.

# Evaluation and Review

The LEA must describe how it will ensure that the interventions it implements to address the academic impact of lost instructional time will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic. These include students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students. The LEA should use or align with its progress monitoring narrative from its Academic Recovery Plan in this section to avoid duplication. (click box to scroll)

# Consultation and Public Input

The LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, the LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, the LEA must engage in meaningful consultation with each of the following, to the extent that they are present in or served by the LEA: Tribes, civil rights organizations (including disability rights organizations), and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.
